

STORY W04. NOTIFY CONTACTS

As a user

I want to contact everyone when I test positive for Covid-19
so that they can go in quarantine if they were a high risk contact of me

WIREFRAMES

Contact Tracing @Campus Proximus

Notify Contacts

Name

Date

Covid-19 positive

Name

Date

ACCEPTANCE CRITERIA

- There is a separate covid-19 page
- A user can enter its name and the date he/she tested positive
- After the form is submitted, this information is shown on this page
- The registration of covid-19 positives needs to be saved server-side also.
