

STORY W02. REGISTER CONTACT

As a user

I want to register a contact @campus Proximus
so that I'll be able to trace contacts.

WIREFRAMES

The wireframe shows a registration form titled "Contact Tracing @Campus Proximus". It is divided into two main sections: "Contact Overview" and a registration form.

Contact Overview

First Name	Last Name	Date	Room	Email	GSM

Registration Form

First Name

Date

Room

ACCEPTANCE CRITERIA

- On the home page a form is shown where you can register a new contact
- A user can enter a his/her first name, last name, email address , gsm number, the date and the room
- All fields are mandatory
- If a mandatory field is not filled in or a field contains invalid information, the form is shown again with an error message (client side validation only for the moment). Correct fields stay filled in and invalid fields are marked by a colour.
- After the form is submitted, the new contact is added to the overview
