## STORY 08. ADD FRIEND

As a logged-in user
I want to add friends of mine
so that I can see directly which friends of mine are tested positive for covid-19

WIREFRAMES

ACCEPTANCE CRITERIA

- There is a separate page, only available when you are logged-in
- A logged-in user enters the email address of the friend he/she wants to add and clicks the "Add Friend" button, the friend is added to the list of its friends below and on the friends page of the added friend this logged-in user is also added to the friend list
- Friends who are tested positive for covid-19 are marked red and the others are marked green.
