STORY W03. SEARCH CONTACTS

As a user
I want to search all persons that were in a specific room on a specific date
so that I'll be able to contact them because there was a person in this room at that moment an he/she has tested positive for Covid-19.

WIREFRAMES

ACCEPTANCE CRITERIA

- There is a separate search page
- A user can enter the date and the room
- After the form is submitted, the first and last name, email and gsm number of the found persons are shown on this page
